The New Fall Styles are here

In Selecting a Suit or Overcoat be Sure Your Clothes Have Lasting Style and Shape Permanence

Poor workmanship or poor materials are visible faults which you can guard against yourself when buying clothes. The greatest enemy of "style" in clothes is the warping of imperfectly shrunk cloth caused by changeable weather.

A suit or overcoat will look well and fit well when you try it on—but after you have worn it in a rainstorm it may pucker, twist and warp.

The trouble is that all woolen goods, as they come from the weavers, will shrink. Ordinary processes fail to take out all this shrinkage, so that the first rainy day takes the stylishness out of the garment.

You can assure yourself of LASTING STYLE and SHAPE PERMANENCE in your clothes by wearing

HART, SCHAFFNER & MARX

Fine Tailored Clothes for Men and Young Men.

Therefore consider carefully when buying your next suit or overcoat and bear in mind that in style, in fit, in workmanship, and in material our clothes are equal to the best tailor made clothes in the country. Look for the name on the garment. It means lasting style and shape permanence, and what's more, if the goods are not as represented your money will be cheerfully refunded.

ALLEN RAISES \$15,000 BONUS

H. J. Hudson, cashier of the First National bank of Allen was in town this morning on business connected with the railroad stop proposition. He stated that the bonus of \$15,000 had been raised and that the land and water requirements had been met. In short, the citizens have met the demands of the railroad and will probably sign up tomorrow. Mr.

Hudson stated that the railroad agrees to expend at least \$200,000 in the contemplated improvements.

The News Made a Bad Break

The editor has been on the jump all day dodging indignant Methodists. By some means in the rush of yesterday we stated that those telegrams summoning delinquent pupils young and old to the Methodist rally day occurred last Sunday. As a matter of fact it will not occur until next Sunday.

BAD FIRE AT TYROLA

D. L. Lunsford loses Dwelling. Little Two-year-old Child Badly Burned; May Die

D. L. Lunsford of Tyrola was in town yesterday and reported the loss of his residence by fire Wednesday and the misfortune of his little two-year-old child being badly burned at the time.

There was no one at home except Mrs. Lunsford her child and a young lady Mrs. Lunsford and the young lady were washing away from the house a short distance. The little child unnoticed was playing in the house and got hold of the match box in the kitchen. The result was that he set himself and the house on fire. His cries attracted the mother, but not in time to save anything except the child whose clothes were burned off. The child itself was badly burned that it is doubtful whether he will live or not.

The residence and furniture were a complete loss save a little insurance on the house.

Mr. Lunsford also reported the burning of the Beard hotel there one week ago yesterday. He stated that it appeared very evident that it was the work of a mob as about half of the furniture was carried out before the fire was started. There was no insurance on the building, and Mrs. Dulaney, the keeper of the hotel was away at the time.

The fire occurred about mid-night.

SOUTH SCHOOL LITERARY ITEMS

South School Literary Club composed of Eighth grade was organized Friday afternoon. The election of officers were as follows: President Roy Adair, Vice President Lena Maxey, Secretary, Sallie Walsh, Treasurer, Ollie Gay, Editress, Corrine Katz.

The object of this club is the up-building of the school in various ways.

To Preach Against the Saloon.

Every minister in the city will preach against the open saloon and upon the merits of the Cardwell saloon bill next Sunday. Their announcement will appear tomorrow.

THE BATTLE TAXES WARM

ROOSEVELT DECLARES HE HAS WON CONTROL OF CONVENTION.

PROGRESSIVES IN THE SADDLE

At Saratoga the Administration Will Be Given Unequivocal Indorsement—Outline of Attitude.

Oyster Bay, N. Y., Sept. 22.—The utter rout of the old guard by Theodore Roosevelt at the Republican State convention in Saratoga was predicted today by Col. Roosevelt himself. At the conclusion of a long conference at Sagamore Hill today with half a dozen of his lieutenants Col. Roosevelt said:

"Believes Has 100 Majority. 'I think I may be reasonably safe in saying that we shall have 100 majority'."

Reports from all parts of the State were received at Sagamore Hill today. Otto T. Bannard of New York, Lloyd C. Griscom, president of the New York County Republican committee, F. J. Craik of Brooklyn, naval officer of the port, Representative William M. Calder of Brooklyn, Controller William A. Prendergast of New York City and Herbert Parsons, Mr. Griscom's predecessor, motored down from New York late in the afternoon for a final survey of the field of battle.

"Roosevelt's Estimate Concurred In. All through the fight, which began with the Sherman incident, the Col. refused to express an opinion as to the outcome and none was expected from him today, but the reports he received convinced him that it was all over but the shouting. Unless some unexpected reversal should come he was positive the Republican organization would be forced to give ground before the progressives when the test came at Saratoga next week. His estimate of 100 majority was concurred in by the others who attended the conference.

The attitude of the Roosevelt forces toward the Taft Administration was outlined by Mr. Bannard.

Conventions Will Endorse Taft.

In my opinion said he, the Saratoga convention will adopt a resolution strongly indorsing the Administration of President Taft in accordance with the President's expressed wish no mention will be made of any renomination in 1912. No opposition to an indorsement of the Administration will come from delegates friendly to Mr. Roosevelt and Mr. Griscom."

Mr. Bannard's statement, coming directly after the conference was taken as a plain indication that Mr. Roosevelt had agreed with the others on this program.

Platform to be Progressive

Col. Roosevelt said that the names of several candidates were gone over once more, but no agreement on any of them had been reached. The platform also had been discussed but it had not even been tentatively outlined aside from the understanding that it would be progressive.

Col. Roosevelt feels that no definite action can be taken until the up-State men have been heard from. He understands that his forces plan to go to Saratoga without a slate to find out there what a majority of the delegates want to do and settle upon candidates and a platform in accordance with those wishes.

Learning What People Want.

Col. Roosevelt said that from the beginning he had asserted he was trying to find out what the people of New York State wanted. He disclaimed any idea of attempting to force his own ideas on the convention. In his speech at Syracuse last week, he pointed out, he had outlined in a general way his own ideas as to the program.

Direct Nomination Plank

What would be the nature of the plank on direct nominations, he had no idea, but he felt that such a plank would be placed in the platform. What form it would take would depend upon the delegates.

Mr. Parsons said an effort would be made to force a roll call of every delegate to put him on record in

the vote for temporary chairman. Will ignore Storer's Letter. When the correspondence with Archbishop Ireland, given out yesterday by Mrs. Bellamy Storer, was mentioned Col. Roosevelt said he did not intend to be drawn into a renewal of that controversy.

NEWS PUBLISHING AND PRINTING CO. PERFECTS ITS ORGANIZATION

The charter of the News Publishing and Printing Company was received several days ago, and yesterday a meeting of the directors was held to put the finishing touches on the organization. A set of by-laws was adopted and following officers elected: President, Otis B. Weaver, Manager, A. B. Yeager, Secretary, Treasurer, Miss Mollie Jernigan, Editor, Byron Norrell. As constituted at present the directorate consists of Otis B. Weaver, A. B. Yeager, Miss Mollie Jernigan, Byron Norrell, Howard Parker, W. H. L. Campbell and John P. Crawford.

TO PLAN FOR CAMPAIGN.

Mass Meeting Tuesday Night of Anti-Saloon Forces to Organize for Battle Against Cardwell's Saloon Bill.

It has been definitely decided by local anti-saloon advocates to have a great coming together in this city next Tuesday evening either at the city hall or court house, for the purpose of preparing for the campaign against high license which is to be voted on at the November election. Everybody who opposes the repeal of the anti-saloon provision of the state constitution, is urged to be present at this meeting. The place will be announced definitely in tomorrow's issue of the News.

CRAWFORD JOHNSON OF ALA. BAMA VISITING HIS ADA INTERESTS

Mr. Crawford Johnson of Birmingham Ala., is here viewing the progress of the business of the Ada Coca-Cola Bottling Co. of which he is president. He expresses entire satisfaction with the conduct of the Ada business and refers to the progress of Ada in a very complimentary manner. Mr. Johnson is a substantial citizen of Birmingham and of the kind that made it the most rapid growing city in the south.

OIL COMPANY HOLDS MEETING

VOTES CONFIDENCE IN J. M. WINTERSMITH'S PROPOSITION AND ASKS HIM TO RECONSIDER

A meeting of the stockholders of the Ada Oil and Gas Co. was held last evening at the 25,000 club headquarters pertaining to the business. For the reasons assigned in the letter published a few days ago J. M. Wintersmith withdrew his offer to drill one or more wells in consideration of half the stock of the company being transferred to him, and the meeting discussed the question of inducing him to reconsider the matter and take up the work. Nearly all the stockholders were present, and by a unanimous vote, which was finally placed in the form of a written resolution, which each stockholder signed, he was assured of the confidence of the company.

In view of this possible refusal to again take up the matter, the next question to come up was the disposal of the stock and future of the company. E. H. Lucas proposed a plan looking to the union of interests of the oil company with those of the Ada Industrial company. This looks to the double work of carrying out the original purpose of the industrial company and also to provide means of further testing the possibilities of the oil field in other words, there is sufficient money already in the treasury of the oil company to begin work, and with a well going down on the lands of the company, the lots will bring a ready sale and a fund raised that will be ample for all purposes. A committee composed of C. A. Galbraith, I. M. King and Dr. Ligon was appointed to confer with the industrial company and if possible, to arrange for the proposed pooling of interests.

Flies are Like Human Beings

When the nights begin to get cool they like a warm place to stay. This is the season when the flies are most troublesome. They are always watching and when you open the door, dozens of them come in attracted by the warmth of the house. You can catch and get rid of them all with Fliesickon—does just what the name indicates—catches them just like sticky fly-paper, only it is so convenient—can hang it up anywhere—doesn't take but little space—no danger of sitting down on it, stepping on it, leaning on it—won't blow over and stick to the furniture. Well worth trying.

We sell above article also Persian Insect Powder, an insect powder and sticky and poison fly-paper.

The News is heartily in favor of
the plan to consolidate the interests
of the oil and industrial companies.
The industrial company holds options
on some valuable land which would
now bring considerably more than
when it was secured. This land has
been platted into 946 lots which un-
der the original plan was to be sold
for the purpose of raising money to
be used for the purpose of secur-
ing new industries for the town.
From the test well near the cement
plant we all feel certain that oil
and gas in considerable quantities
exist somewhere in this section.
Therefore, why not combine the two,
use the money from the sale of the
lots to sink a well and thus kill two
birds with one stone. Even if oil is
not found, it is possible that good
artesian water will be located, and
that in itself would be an invaluable
asset to the town. It looks good to
the News, and if the Watersmith
proposition falls through, we hope
to see this succeed. Ada has reached
a crisis in her history, and the future
of the town depends largely on what
is done by our citizens during the
next few months. If a man has no
stock in these enterprises, he can
help along by buying a lot or two.
He will get his money's worth any-
way, and if an oil strike is made,
will have something that could not
be bought at any figure.

Article 9, Section 9 will again
come before the votes in November.
The writer has not changed his views
since the former campaign. We
thought, and still think, that the
Carter amendment was altogether
too much of a surrender to the rail-
roads, but, as we stated then, we
think the modification as proposed
by the legislature, is just about right.
It permits the roads to buy or sell
to others, but at the same time does
not allow them to pass from under
the eye of the Corporation Commis-
sion. Hence, when a consolidation is
effected the roads know exactly what
they are to expect. With the section
modified many small times of road
will be built by local capital and
afterwards sold or leased to the big
trunk lines. Take our own case. With
a prospect selling or leasing to the
M. O. & G. G., it might not be a hard
matter to build from Ada to Allen,
but with nothing else in prospect
except for the builders to own the
with nothing else in prospect except
for the builders to own the road
with no power to dispose of it, there
would never be a ghost of a chance
to get anyone to take hold of it.

"THE QUESTION"

The Subject for Tonight's Revival
Services Is Another Live Topic
Which Rev. Anderson Will
Handle in His Masterly
Way.

"The Power of the Gospel Today,"
was a sermon full of good pithy
thought, and divine truth ably pre-
sented by Rev. Anderson last night.
The text was taken from Rom. 1:16
and in effect these thoughts were
presented.

The Rome to which this text was
spoken was a cess-pool of iniquity.
Disintegration was eating as a can-
cer. Paul had the panacea and he was
not ashamed of it. He was bold to
preach the gospel because he had an
experience of it himself. He had pro-
ved it to him it was "my gospel." He
was not ashamed of the life, death,
burial and resurrection of the one
whom that gospel proclaimed. He

Does not this and the fact that it complies with
all pure food laws, both State and National,
prove that Calumet is absolutely pure?

With the purity question settled—then Calumet
is undoubtedly the best Baking Powder. It
contains more leavening power; it is more uni-

better results—and is moderate in price.

knew well its power. He had a great
Christ. One who was preached with
the same earnestness to the Caesar
as to the plebeian. It was Rome's
greatest, and is still the world's
greatest need. The word denotes dy-
namite—a power to move things. Its
a staple at the quarry and the de-
bris. Morality's pinch bars, Unitarian
jack-screws or Universalists block
and tackle will not do. The rock of
sin must be shot. Every man stands
in need of and is changed by the
gospel. The difference in men is the
effect of the gospel. In the interim
between paved streets in Ada and
jungle life, is the work of the gos-
pel.

The Gospel Today.
What is it that's transforming lives
in the heathen world? What is that
which causes by a natural effect that
foot-binding and opium smoking shall
be done away forever? Why the dis-
appearing of the cannibal's pot and
the fearful intrigues and debauched
morals of years standing? The gospel
of Jesus is the only answer. An ex-
criminal wrote, saying to one he had
stolen from, "I am willing to do
what I can to make it all right. I
am living a Christian now." Yes,
that's the reason. "Christian" the
product of the Gospel. Pat Crowe, the
former lawless character, is an evan-
gelist. "Diamond Bille," 25 years a
criminal is on the street day and
night pleading for Jesus, a living ex-
ample of what God can do through
the Gospel.

What Is Salvation?
It is not merely a vehicle to es-
cape hell on, nor is it a future tense
affair, or simply being good, but it
is being made anew and given over
to a aggressive righteousness. It is
a thing of the blood red present. Not
getting men out of hell, but getting
hell out of men. It means saving a
man to his best self and directing his
life to the glory of God. His mind,
which was carnal, is now spiritual
and this faculty is given over to med-
itating on the great verities of God.
This percolates through his whole
life and moulds him according to
those things which his mind feeds
upon. His conscience, which was sear-
ed or deflected or dethroned is seat-
ed upon its royal throne and inter-
rogates after God. The nail of sin
has been removed from the compass
and the needle, conscience, swings
true to the pole, God.

In the fact of salvation man's heart
is purified and will energized. Will
chooses or rejects salvation. "I will"
makes a man leave a palace and
dwell in a pig sty or vice versa.
"Whosoever will" makes its scope
universal and its reception a volun-
tary act. "Will is a short word, but
God stands at the gate of man's soul."

\$25,000 Fire at Maud, Ok.

Maud, Ok., Sept. 22.—Six business
houses on Main street were destroyed
by fire of unknown origin, be-
ginning at 2:30 this morning. The fire
started in a restaurant. The loss is
estimated at \$25,000. The following
houses were burned:

E. L. Lidson's restaurant, John
Clary's pool hall, D. H. Cooper's gen-
eral merchandise store, Chilton &
Co.'s meat market, J. B. Kirkpatrick
general merchandise store, Mrs. A. M.

PAYING INJUNCTION SUIT DISMISSED

The injunction suit of Carney et al. was called in the district court today and was dismissed at plaintiffs' cost. This was the suit to enjoin the contract with the paving contractors on account of another company having submitted a lower bid. This is now settled and the contractors will now have nothing in the way of a speedy completion of the work.

Is it the Hair or the Face That Makes the Woman?

If you think it is the face, take another look at the two heads pictured here. One shows a girl which the most critical would pronounce beautiful. While her features are fairly perfect her greatest charm lies in a mass of fine lustrous hair. The opposite picture is identical as to features and other detail except that the wealth of hair is wanting.

Both of these ladies would attract attention anywhere but each for a different reason, one on account of her superb beauty and the other on account of her comical appearance.

The hair makes all the difference. A woman loses her good looks in exact proportion as she loses her hair.

Newbro's Herpicide Saves the Hair

There is nothing which is so destructive to the hair as dandruff. This annoying trouble to which everyone is more or less exposed is due to the working of an invisible growth or microbe called the Dandruff Germ. It robs the hair of the snap and luster of health, burrows down into the follicle and eventually loosens the hair, allowing it to fall out. Newbro's Herpicide applied regularly and intelligently kills this germ, keeps the scalp clean and hair healthy.

Falling hair is thus prevented and, if the hair follicles have not become atrophied, a new growth of hair may be anticipated.

The life and luster of Herpicide hair is beautiful to see, is unmistakable. An abundance of fluffy, glittering hair is woman's chiefest beauty and to permit its needless destruction is unpardonable.

Booze Causes a Slight Mixup.

To make the booze ordinance a little more effective, some citizens of Ada had the chief to appoint W. R. Brandon to keep an eye on the Frisco depot and report the names of those getting shipments of the goods and to keep his other eye on where it went. Of course some of the consignees did not like this sort of a game, some of it was shipped back, and then as is claimed, some parties attempted to frighten Mr. Brandon into throwing up his job. On stating that he had been threatened, the chief is said to have given him permission to carry a gun with which to protect himself. This caused more investigating and Mayor Little, who was not consulted when Mr. Brandon was placed at the depot, decided that neither he nor the chief had authority to appoint a special officer and arm him unless it is on some special

to be handled.

The drouth in Ada must be growing alarming to some of its citizens.

NEWS AROUND THE COURT HOUSE

GRAND JURY RETURNS THIRTY-FIVE BILLS.

The grand jury made a report this afternoon, returning 35 bills, five of which were felonies and 30 misdemeanors. The jury asked for further time on other matters, which request was granted by the court.

On account of the speed made in clearing the docket, Judge Rainey dismissed the petit jury this afternoon until Monday. As very little business will likely come before a jury even then, he excused for the term all who desired to get loose. A great deal of business has been disposed of this term, both civil and criminal. No idling has been permitted.

The case of Bently, LeFevre and Carney, involving the ownership of a tract of land, sold by Jim Carney, was decided by the jury in favor of Bently. If this decision is affirmed Dr. LeFevre stands to lose about \$1,000 paid on the land.

Today a message from Sheriff D. L. Hensell of Hunt county, Texas, stated that he had arrested Ol Bond and Henry Bond on suspicion of having stolen some horses. Sheriff Smith happened to have in his possession a card from the sheriff of Okmulgee county describing the animals to a dot. The sheriff was called up and told of the Greenville arrest and said he would go at once to see about it.

M. P. Hellms of Stonewall, who was arrested a few days ago on a bootlegging charge, was released from custody today on putting up a cash bond of \$350.

Howard Meneley, who has been serving a 15-days sentence for larceny, completed his term today and on payment of the fine part of the sentence, was released.

NORMAL TEACHERS SIGN RESOLUTIONS

The teachers of the normal, of their own volition, have adopted resolutions denouncing the reports that have been circulated against President Briles in the matter of Miss McCain's salary, and also condemning whoever may be responsible for the reports. The resolution concludes with a strong endorsement of President Briles and is signed by all the faculty with two exceptions.

Dr. Truax Appointed.

Oklahoma City, Ok., Sept. 22.—Dr. Truax of Stonewall, Ok., was today appointed by Gov. Haskell as a member of the state Board of Medical Examiners to succeed Dr. J. J. Hensley of Oklahoma City, who recently resigned as the culmination of a controversy between himself and other members of the board.

Dr. Truax is a pioneer resident of Stonewall and one of the leading professional and political citizens of Pontotoc county. He is father-in-law of State Representative, John P. Crawford.

MORTUARY.

Andrew Wilson, aged 48 years, died this morning about 10 o'clock at his place on 12th and Broadway. The remains will be embalmed and will be interred Sunday.

He carried a \$2,000 policy in the Modern Woodmen and the funeral will be conducted under the auspices of his fraternal brothers.

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. It is odorless, no heat, no smoke simply press the button and we do the rest.

INDISPENSABLE IN EMERGENCIES

The sudden illness of a member of the family demands prompt treatment and remedies.

It's a case for the doctor—a case where minutes count. That's where the telephone shows its value to the subscriber.

By means of the telephone the doctor is reached, and he at once tells the anxious family what to do until he arrives.

No far sighted citizen gets along without the protection of the telephone.

He can never tell when it is going to save him from serious loss. Besides he has daily proof of its usefulness.
